MEMORANDUM FOR: Legislative Counsel
FROM: Director of Central Intelligence
SUBJECT: Meetings on the Hill

1. Had a good meeting with Representative Boland. Charles Ferris was there. Representative Boland took our suggestions on possible shape of the House Select Committee on Intelligence. He agreed to move out on it smartly with a hope of being in action in time for some of the debate on the reorganization this summer.

2. Had a good meeting with Senator Stevenson. Stevenson expresses considerable interest in the forthcoming legislation on organization. He hopes to stimulate the SSCI to start meeting with representatives of the Executive Branch in two or three weeks to begin to narrow the focus for the bill. He personally does not agree with much of the bill that is currently drafted.

3. Also had a good meeting with Senator Bayh. We largely discussed wiretap procedures and his strong desire to have foreign wiretap secluded in the same bill. He gave me a long series of possible articles to include in such legislation with the intent of controlling against abuses. I've given that to Tony Lapham. You may want to keep track of that with Tony and see whether we should respond directly to the Senator.

4. Had a brief meeting with Senator Inouye in conjunction with the "Sixty Minutes" filming. We also had a good talk on the state of affairs in general.
